Hello Ex. 6 - Personal Privacy

I've heard about the video, but thank you for forwarding the link. Regarding EPA's video, please note we are currently considering whether to release it publicly.
I also wanted you to know that EPA has discussed specific well sample results only with the individuals using that specific well.

I appreciate your kind words.
Thank you again,

Trish Taylor, Community Involvement Coordinator

Hi Ms. Taylor. I'm going to guess that you have seen the video in the link I am sending you if not maybe you heard about it. <http://vimeo.com/41848980>
The video seems to have been taken while the EPA was giving the test results to our neighbors. It also seems that our water/well were quite a topic of discussion. To our knowledge our treatment system works fine and we do not have a well that went bad. For some reason these people seem to think otherwise and also make it seem that they got their information about our water/well from the EPA. My family and I wouldn't think that would have happened. Anyway in the video it seems that the EPA made a video of their own. I wanted to know if a copy of the video made by the EPA could be sent to an attorney for us? The attorney is a very nice woman named Amy Barrette. Amy works for Fulbright and Jaworski LLP and her email address is abarrette@fulbright.com. I also want to apologize for the way the EPA was treated in the above video. It was very nice of you to take time out of your day to go and give these people their test results and explain them. It's a shame some people don't seem to have any manners. I know our family was very happy to hear that our water didn't have any issues. Thank you very much for your time.
Thank you again and have a nice weekend.
